

# THE PREPARED LEADER

ACCELERATE ACCOUNTABILITY. AMPLIFY ACHIEVEMENT.

I'm **Tania Will Jeppesen** and I help leaders set up **systems** to achieve **organizational goals** so **their teams feel valued** and can perform at their **highest potential**.

### Executive Operations Leadership Experience

With over 20 yrs of experience leading operations teams in companies of all sizes, I am skilled at creating calm from chaos. By combining my Industrial Engineering background with practical experience, I am able to build processes and systems that serve as the foundation of team ownership and accountability.

### Solutions Tailored to Your Business

My kind of consulting doesn't simply give recommendations and advice, I roll up my sleeves and get right into the work with your organization to provide tangible tools, tailored to your team's needs, that empower you to implement sustainable change.

### Sustainable Systems & Proven Results

My job when working with you is to work myself out of a job, knowing your teams are fully equipped with the practical skills needed to manage through the day-to-day challenges that come with running an organization and leading people.

## Services

### Strategic Planning Workshops

- Facilitate workshops tailored to solving immediate business issues
- Create the structure needed to implement systems in record time
- Accelerate the completion of important projects and initiatives

### Process Optimization

- Partner to document key processes and implement robust training
- Implement cross-training plans that eliminate single points of failure

### Frontline Leader Training

- Create and facilitate training tailored to the developmental needs of your leaders, incorporating your organization's existing systems/tools where applicable

### Keynote Speaking

- Dynamic and engaging keynote speaker with messages that inspire change, drive performance, and cultivate environments where clarity paves the way for success
